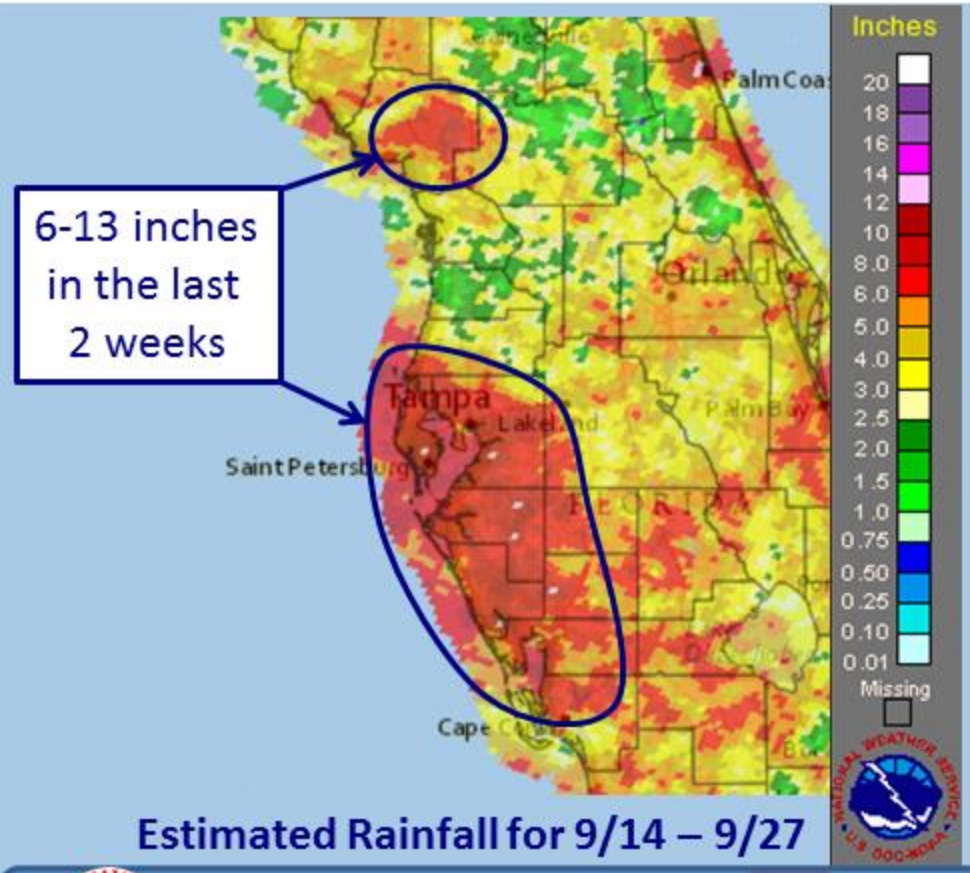
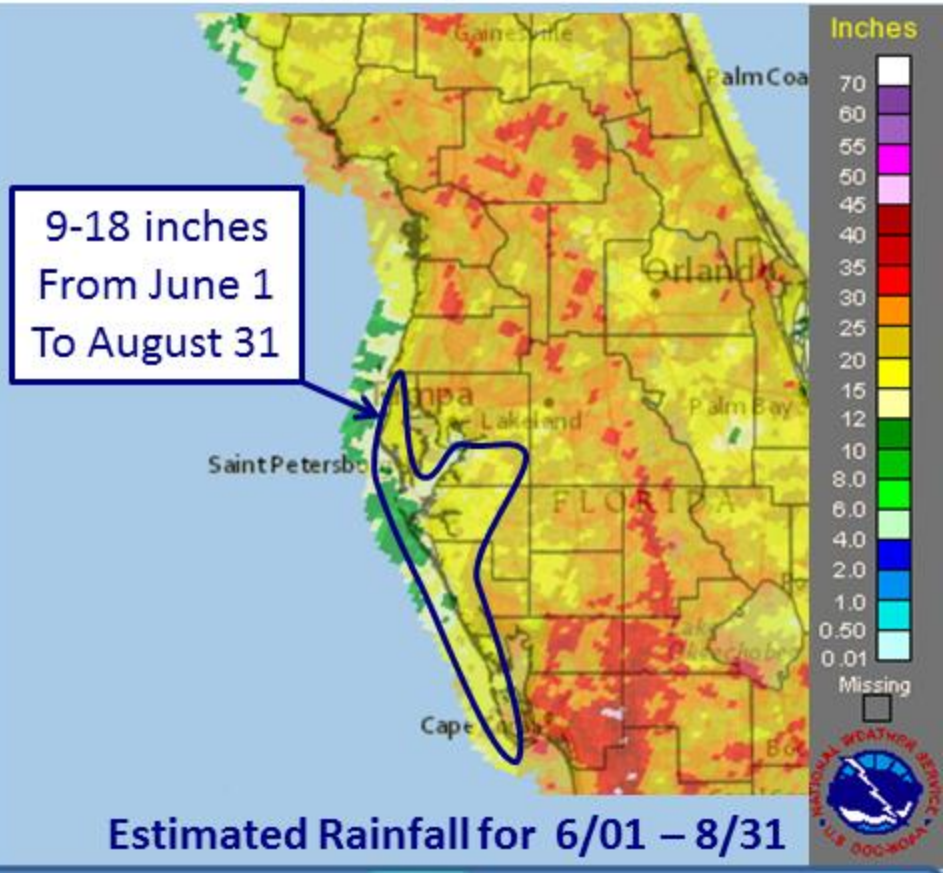
NWS Tampa Bay Area - Ruskin, Florida

During the last two weeks the summer rains finally arrived in parts of West Central and Southwest Florida with locations from Tampa Bay southward, as well as in Levy County, receiving 6 to nearly 13 inches of rain. For portions of Tampa Bay south near the coast this is as much or more than was seen during the three-month period of June through August this year.



Estimated Rainfall for 9/14 – 9/27



Estimated Rainfall for 6/01 – 8/31
